

## ABOUT US

**W**e are a newborn taqueria in Strathcona, Vancouver BC, planning to open our doors this coming June! Taking inspiration from our Columbian and Texan heritage, we have focused on crafting the perfect breakfast taco using fresh, organic, farm-to-table ingredients. Our menu consists of a small array of perfectly hand crafted breakfast tacos, each with their own style and flavor.

Tacos Manana is committed to serve the highest quality tacos, with a deep appreciation for Mexican and Columbian tradition. Our food is all organic, locally sourced, and sustainable. We proudly offer gluten-free and vegan options that don't compromise on taste.

All are welcome at our eatery, this is a place for taco lovers, ***come one come all!***
